## **INTRODUCTION**

### **2017 STRATEGIC PLANNING**

The Village of Clinton created a Strategic Plan in 2012, which provided a framework to assist Council in keeping a focused approach and ensuring major projects are achievable.

The achievements of the Strategic Plan have been very evident. A few of the highlights include:

- Completed Asset Management Phase I and Phase II
- Completion of the Official Community Plan
- Completion of the Dog Park
- Completion of the Memorial Hall Upgrades
- Completed Paving of Tingley, Frontage & Teal Roads Project
- Completed Phase I of the FireSmart Project

These projects will continue, to play an important role in the future of the community.

The following information provides a recap of the discussions, which took place at the 2016 Strategic Plan meeting and outlines the new goals and objectives. Council and staff look forward to the challenges that come with the implementation of these projects and remain committed to ensuring the goals and projects identified by Council continues to contribute to the long term sustainability of the Village of Clinton.

The ongoing day to day operations of the Village of Clinton remains a priority and there are several projects which, although not listed as formal goals for the Village, continue to be in the purview of staff. These items will be brought back to Council should funding opportunities arise that would allow their successful implementation in 2017 or any year after that. The prioritized list for 2017 is included in this document and is available to Council and the public for feedback.

The successful implementation of goals for any local government requires the partnership of elected officials, staff, citizens and funding partners. Council and staff look forward to another successful year of making Clinton the best little village in the west.

## **Mission Statement**

***“To Increase Economic Opportunity and Improve the Quality of Life for All Citizens”***

The Village of Clinton is committed to encouraging, facilitating, and promoting balanced and sustainable economic development. The Village efficiently and effectively fosters, supports and facilitates development efforts and initiatives that build from the history, heritage and diverse potential of the community. The community focused on working cooperatively with key stakeholders within the community, other agencies and authorities in further promoting the creation and preservation of good jobs, new small enterprises, services and opportunities. The Village of Clinton emphasizes economic development efforts that responsibly protect, preserve and enhance the unique and attractive quality of life within the community.

## **Vision Statement**

***“Clinton is a lively resilient community, proud of its rich heritage while building a sustainable future with local Secwepemc and neighbouring communities”***

## **Corporate Leadership Values**

The Village of Clinton Council and staff will conduct themselves in a manner conducive to our Corporate Leadership Values:

- Community Minded Leadership – we will provide leadership that is accountable to the community we serve;
- Honesty – we are open and truthful in our communications and actions;
- Integrity – we conduct business in a manner that is reliable and ethical;
- Professionalism – we strive to provide service excellence and sustainable services to our community;
- Dedication – we are committed to loyal leadership of our community;
- Energy – we will fulfill our governance role in a manner that is both energetic and visionary;
- Efficiency – we are organized, resourceful and dependable;
- Transparency – we will keep the community and our First Nation neighbours informed of our actions

The Village of Clinton Council and staff are committed to providing community minded leadership and excellent service through our corporate values.

## **STRATEGIC PLANNING**

The Village of Clinton Council and staff committed to acting in the best interest of the residents and businesses of Clinton through responsible, accessible, cooperative government, which balances the needs and resources of our unique community, thereby maximizing our potential.

Strategic Planning is the process of determining a municipality's short, mid and long term visions and goals by developing an action plan for achieving those goals.

The Strategic Plan is a good method for Council and Staff to communicate their priorities to the citizens, First Nations, stakeholders and government officials.

The Strategic Plan directs and drives funding decisions during the budget process.

The key reasons for developing a strategic plan are:

- To establish a collective vision
- To plan for the future
- To maximize and streamline resources
- To communicate priorities

## **VILLAGE OF CLINTON RESPONSIBILITIES AND OPTIONAL RESPONSIBILITIES**

It is important for Council, staff and the citizens to know what services the Village of Clinton is responsible for and the services the Village of Clinton gets involved in and the services that are not legally mandated.

The purpose of municipal government (as per the Community Charter Section 7) is:

- a. Providing for good government of its community
- b. Providing for services, laws and other matters for community benefit
- c. Providing for stewardship of the public assets of its community, and
- d. Fostering the economic, social and environmental well-being of its community.

### **PURPOSE OF MUNICIPAL GOVERNMENT (Community Charter Section 7)**

## 2. **Asset Management**

The Village of Clinton started on the process to develop a comprehensive plan to manage all the assets of the Village of Clinton for the short, intermediate and long term. In 2015, (funding for \$10,000 through a provincial grant and \$10,000 by the Village) was approved to complete the basic policies and strategies, along with a Water and Sewer Plan for Asset Management. In 2016, (funding for \$10,000 through a provincial grant and \$10,000 by the Village) was approved to complete the water and Sewer Plans plus a Storm Plan for Asset Management. TRUE Consulting assisted the Village through the Asset Management process. An application has been submitted for matching \$10,000 to complete the third phase of the program.

### Objectives:

- Establish Working Group for project
- Establish the purpose and direction of the plan
- Review the Strategies and Policies for Asset Management
- Complete the First Phase of Asset Management
- Review and complete the Second Phase of Asset Management
- Provide the next phase for Asset Management

### Outcome & Progress

- The working group for the plan was Mayor Rivett, Councillor Marchant, CAO Dall, CFO Molnar, PWF Hansen.
- The Working Group determined and set the following goals to be completed before December 31, 2016
- The Village followed each of the above goals by doing the following:
  1. Asset Management Phase I

  - ✓ **Require** to have the history done on each right of way and easement
  - ✓ **Require** completion of mapping of the information
  - ✓ **Require** completion of recommendations on each of the easements and right of ways.

#### 4. **Reg Conn Park Pond Dredge**

The Village of Clinton will continue to collaborate with Clinton and District Outdoor Sportman's Association to locate funding and permits to have the Pond dredged in Reg Conn Park. A feasibility study was completed and the next stage is to locate funding for the project either as a whole project or in different phases.

##### Objectives

- Establish the Pond Dredge Working Group
- Establish the scope and phases for the project
- Secure funding for the project
- Complete whole or phased portion of project

##### Outcomes and Progress

- The working group for the plan was Councillor Park, Councillor Marchant, CAO Dall, CFO Molnar, PWF Hansen and CDC Dyck along with CADOSA members Robin Fennell and Rolly Higginbottom.
- The Working Group determined and set the following goals to be completed before December 31, 2016
  1. Agreed to do the project in two phases as recommended by the consultant
  2. Apply for grant funding for the First Phase of the project
- The Village followed each of the above goals by doing the following:
  - ✓ The Working Group agreed to do the project in two phases with approximately \$90,000 needed to complete Phase I.
  - ✓ The Federal Government 150 Infrastructure Grant Fund application did not get approval. The Village will continue to locate funding when grant funding becomes available.
  - ✓ Looking for other funding for the project including Provincial and NDIT funding
  - ✓ Project on hold until further funding becomes available

## 5. Memorial Hall Upgrade

The Village of Clinton applied for a 150 Infrastructure grant to upgrade the stage and sound system for the Memorial Hall, which provided a second entrance to the basement of the Hall. The application was for \$88,000 and the grant approval covered 50% or \$44,000. NDI approved a grant for \$30,000 and the balance remaining for the project is \$14,000 came from a grant from the Provincial Government.

### Objectives

- Establish a Working Group for the project
- Establish the purpose and direction for the project
- Complete the project

### Outcomes and progress

- The working group for the plan was Councillor Park, Councillor Guerin, CAO Dall, CFO Molnar, PWF Hansen and CDC Dyck.
- The Working Group determined and set the following goals to be completed before December 31, 2016
  1. Locate the balance of the funding for the project
  2. Determine the best location for the entrance to the basement
  3. Locate a contractor to complete the stairwell to the basement
  4. Continue to work with Lee's Music as they have been part of the project for the past three years
  5. Complete contracts with each of the contractors
  6. Complete the project
- The Village followed each of the above goals by doing the following:
  - ✓ **Completed** an application through our MLA Jackie Tegart for the funding was submitted and approved for the \$14,000 to cover the balance of the project
  - ✓ The Working Group agreed to do the project in two phases with the stairwell first and then the sounds and lighting systems
  - ✓ The procurement procedure was followed to locate a contractor for the stairwell installation
  - ✓ **Worked** with the TNRD Building Inspection Department and the contractor to determine the best location for the stairs (located on the stage with direct line to back exit of the Memorial Hall)
  - ✓ **Signed** the contract to have the stairs installed
  - ✓ **Requested** Lee's Music to provide an updated price for the sound equipment and lighting as the prices had changed from the two previous bids
  - ✓ **Signed** a contract with Lee's Music to have the work done
  - ✓ Lee's Music installed the lighting, curtains and sound system in the Memorial Hall, speakers in the Arena and the old equipment will be available for use in other areas.

- ✓ **Installed** signage for each of the sponsors for the project on the front of the Memorial Hall
- ✓ Provided a small concert to show the public the new equipment
- ✓ **Complete** the project by completing the grant applications for funding

## 6. **Roads Project**

The Village of Clinton will look at road improvements for Frontage, Teal and do a complete review to make improvements to Station Road

### Objectives

- Establish a Working Group for the project
- Establish the purpose and direction of the project
- Locate funding through the budget process for the project
- Complete feasibility study for Station Road

### Outcomes and Progress

- There was no Working Group for this project and the project was completed by the Public Works Foreman
- The Public Works Foreman reviewed the Roads Plan and communicated with TRUE Consulting on which roads were the best to complete without having to go back to for several years, due to changes to other utility services such as water and sewer.
- The Village followed each of the above goals by doing the following:
  - ✓ The budget process allowed funding for Road Improvements up to \$90,000
  - ✓ The Public Works Foreman got quotes from Dawson Construction to pave Teal and Frontage and found there was more funding to another section of road. Tingley was chosen because only a portion of the road was paved when the LeBourdias street was completed
  - ✓ The Public Works Foreman contacted Dawson Construction who were paving to the North of Clinton to get a quote for paving Teal, Frontage and a portion of Tingley. Due to the Highway 97 paving being done close to Clinton the Village was to take advantage of the equipment being in the area to have more work done.
  - ✓ Council approval to have the work completed and the paving was completed.
  - ✓ Station Road was not reviewed as the CN Crossing issues has taken precedent until the issues have been settled. Surveying of the crossing area was completed to meet Federal mandate.

## 7. Trails Plan

The Village of Clinton will develop a Trails Plan for the Community and area in order to improve and to encourage a healthy lifestyle for the residents and residents and visitors

### Objectives

- Establish a Working Group for project
- Establish the purpose and direction of the project
- Review existing trail plans
- Determine if partners are required for project
- Complete Plan

### Outcomes and progress

- The working group for the plan was Councillor Marchant, Councillor Swan, CAO Dall, CFO Molnar, PWF Hansen and CDC Dyck
- The Working Group determined and set the following goals to be completed before December 31, 2016
- The Village followed each of the above goals by doing the following:
  - ✓ The Working Group reviewed the old trail system report which have been completed for the Village
  - ✓ The Working Group reviewed the Ministry approved trail plan for north of the Bolster Property which was created by the Clinton Economic Development Society
  - ✓ Clinton requesting Village mapping in order to review trail development through a table top session
  - ✓ The Working Group determined the need to create trails which will connect with other trails leading out of the Community
  - ✓ The Village obtained funding for a Community to Community Forum of which the main theme will be Trails and connectivity
  - ✓ The Community to Community Forum session showed there is a large amount of work to be done before a Trail Plan can be completed. The Trail Plan will have to be reviewed by Council through the strategic planning process and recommendations from the Working Group as to what the next stage should be.
  - ✓ The Trails Plan concept form part of the 2017 Strategic Planning process for consideration, which will be a Clinton “only” Trails Plan.

## **8. Dog Park Completion**

The Village of Clinton will complete the Dog Park in 2016 in order to provide a controlled area for the public and visitors to walk their dogs. MLA Jackie Tegart provided funding \$20,000 for the development of the dog park. Construction delays were due to signing of a lease for the property with the landowner. The project has been completed with some work to be done on signage in the spring and Communities in Bloom will assist in the planting to improve the area.

### Objectives

- Re-establish a Working Group for project
- Establish the purpose and direction of the project
